

**Alumni Interview Ratings of Student Learning Outcomes  
Fall 2012-Spring 2015**

Respondent*	Expected Student Learning Outcomes					
	Research Methods	Analytical Procedures	Theory	Cutting Edge Research	Live communication	Writing Communication
1	4	4	4	4	3	4
2	4	3	4	4	3	3
3	4	4	4	3	4	4
4	4	4	4	4	4	4
5	4	3	4	4	4	4
6	4	4	4	4	3	4
<b>Mean</b>	<b>4</b>	<b>3.67</b>	<b>4</b>	<b>3.83</b>	<b>3.5</b>	<b>3.83</b>

\* Respondents consisted of alumni who completed the FSHD doctoral program between Fall 2012 and Spring 2015.

Response scale: 1=Very poorly, 2=Poorly, 3=Well, 4=Very well

Expected Student Learning Outcomes:

1. Knowledge of research methods and their application, such as being able to design a study, critique research, or conduct empirical research.
2. Knowledge of analytical (e.g., statistical) procedures and their application, such as being able to conduct appropriate analysis of empirical data.
3. Ability to describe, critically evaluate, and apply multiple theoretical perspectives relevant to your area(s) of research.
4. Knowledge of current and cutting-edge research in your area(s) of interest.
5. Ability to communicate effectively in-person or "live."
6. Ability to communicate effectively in writing.
