

Table 5. Example of presentation of data on findings related to MS outcomes for Aerospace and Mechanical Engineering. Score reported will be an average of the scores given in the rubrics for the period indicated.

Criterion	Outcomes Measured	Name of Assessment	Averages for 2014-15	Averages for 2015-16
Attained knowledge of the field and associated areas.	#1, #2	Approved Plan of Study		
Ability to apply knowledge of the field and associated areas to independent research.	#3, #4	Written Thesis/Dissertation and Oral Defense Assessment Form		
Clearly stated problem and analysis of the literature.	#3, #4	Written Thesis/Dissertation and Oral Defense Assessment Form		
Appropriate methodology/computational methods applied in solving research problem.	#3, #4	Written Thesis/Dissertation and Oral Defense Assessment Form		
Interpretation of research results.	#3, #4	Written Thesis/Dissertation and Oral Defense Assessment Form		
Ability to orally communicate ideas and results to an engineering audience.	#4	Written Thesis/Dissertation and Oral Defense Assessment Form		
Well-written Thesis	#1, #2, #3, #4	Approval of Final Thesis/Report		
Satisfaction with Program	#1, #2, #3, #4	Graduate Student Exit Survey		
Job Placement	#1, #2, #3, #4	Graduate Student Exit Survey
